

## Principal's Message

Childhood is the most vital stage for the whole person development. In addition to enhancing children's academic performance, our school also fosters children's personality and morality as our main educational objects. Implementing life education is one of our teaching aims this year. Through picture book stories and hands-on activities, children learn how to appreciate themselves, to care for family members and be considerate towards animals and nature. By guiding young children to learn, respect and experience the value and dignity of life, our curriculum is focused on whole person development and aims to develop creative and engaged citizens who can express themselves, understand the thoughts and emotions of others and most importantly, be prepared for a fast-changing society.

## Head Teacher's Message

Hello Everybody! My name is Teacher Sarah and I have been a PN teacher here at Witty for 5 years. This year, I am really honoured to take up the role of Head Teacher alongside my teaching role as the IPNB English class teacher. Although I am originally from the U.K., where I also studied and trained, I have been lucky enough to call Hong Kong my home for the last 8 years. Like our Witty students, I also spent my Early Years Education in an international environment in Asia.

I come from a long line of teachers in the family and there was never any doubt in my mind that I would follow suit. For me teaching is all about discovery. I like to adopt a child-centred approach in the classroom, where children are at the centre of their own learning and given choices. I don't want children to take my word for what they hear, but to instead seek to find the answers themselves as active participants in exciting experiments and real-life experiences. As children grow socially, emotionally and physically they are gaining the motivation and valuable transferable skills to find their own answers. These skills will continue to develop as their lives flourish and they encounter new challenges.

I'm really excited to have the opportunity to get to know you all better throughout the school year as we continue to grow our parent-school partnership.

Teachers who love teaching, teach children to love learning. We learn something new from each other every day and grow together.

誠摯的心靈，是孩子情感的鑰匙，高尚的師德，是孩子心靈的明鏡。

Being a PN teacher really keeps me on my toes! The classroom is always full of noise and excitement and I often feel like I need eyes in the back of my head! However, I wouldn't change it for a second. There are endless rewards to this job and the main one is that, just like the children, every day I learn something new.

你們一個親暱的動作，一句天真的話語，一個奇特的想像.....都是我工作上的動力。謝謝你們，是你們讓校園裡洋溢著滿滿的愛和喜樂！
