

Principal's Message

Parents always ask me, "Why does my child perform better in school than at home?" Parents are very curious what skills we use. In the classroom, teachers always ask, "Let me see who are sitting nicely?" All the children will immediately sit upright and look at their teacher attentively, eagerly awaiting praise from their teacher. When children are praised by the teachers, they will smile from their bottom of their hearts. So that's our trick, Praise!

It's not easy to praise children effectively. If we only say, "Good Job!" or "Well Done", it's not enough for children to know what they did right for the praise. We need to praise concretely and clearly of what they did in order to encourage them to repeat such good behaviors. For example, "I appreciate you can share your toys with others." and "I appreciate you wash your hands after sneezing."

Praise also needs to be developmental appropriate. If you praise a six year old child with "I appreciate you can play with toys", it does not match with the stages of child development. Praising the items that they have already learnt won't bring as much satisfaction to children. Instead we can say, "Great! I appreciate you can tidy up your school bag by yourself." Of course, correct amount of praise will bring children motivation to "do better", but too much praise will lose the effectiveness. Children should be praised after working hard and putting efforts, they can then feel the joyful and precious of being praise.

Nowadays, there is a lot of criticism and complaints, praise is not common in society. I believe nothing is more encouraging than receiving praise from others, receiving the acceptance, recognition and appreciation from others. At Witty, I hope we can continue building up this praising culture. Not just in our teachers, but also in teaching children to praise and appreciate their peers, families and people who help them. Let's help everybody experience the power and positivity of praise!

Head Teacher's Message

I'd like to start this message by saying how wonderful it was to finally open the doors to all our students again in September. Our Kindergarten children returned with such a positive attitude and adapted so well to all the new arrangements.

During the closures, our Witty staff have been committed to ensuring that the children's learning was not compromised, and that teaching was still delivered with passion and creativity. Although the closures were very challenging for us all, it was so wonderful to see how our school/home partnerships were strengthened. We only hope we can continue this strong bond moving into this next academic year and thank you all for your continued support and positive feedback.

Online or face to face, what will never change is how hard our Witty teachers work to provide a holistic education, where learning is fun and exciting. It's a team that I am very proud to be a part of. We take such joy each year from seeing our Witty graduates leaving us to embark upon their next adventures, with increasing confidence and independence.

Parents' & Children's Thoughts

畢業生家長分享 2019-2020 IK3A 顏昕朗家長

感謝創立盈思幼稚園的仁人君子，這是一間有愛心，並重兩文三語，且能讓小朋友愉快學習的好學校。讓兒子入讀盈思，是我四年前做的最正確的選擇。

過去幾年，我看到老師屈下膝頭，為的是要與小朋友的眼睛處於同一水平線，循循善誘。我聽到站在校門口迎接的校長叫出每一位學生的名字。兒子回家後，我們最感欣慰的是，他願意分享學校生活，這個同學怎樣，那個老師又說了什麼之類。在成年人眼中，這都是一件小事，但在小朋友的心靈，卻是極為重要的成長標記。

盈思對我與太太亦別具意義。我們同為中文老師，盈思提供的教育，為我們帶來很大啟發。太太將出版一本書，冀與家長、老師交流如何教小朋友中文，書中將特別鳴謝盈思國際幼稚園。身為家長，即盈思的「用家」，我們希望用更多實際行動去肯定盈思提供的優良教育。出入盈思期間，我重遇中學同學，偶遇同事，更驚嚇的是，我以前的學生都已經成為家長了，真是倍感親切。

最後，希望各位小朋友，家長都繼續與學校保持聯繫，互相支持。

"It is vital that when educating our children's brains we do not neglect to educate their hearts."

- Dalai Lama

In the Pre-Nursery classroom we do so much more than just learn our ABCs. As a team, we learn how to trust and form friendships and how our actions affect others. We show compassion and support our peers in every challenge we face.

用心關注孩子，用心接納孩子，用心體會孩子。讓每位孩子在盈思這個花園裏如花朵般燦爛地綻放！

Teacher Irina 劉勝玲老師

One of the most exciting things about being a kindergarten teacher is understanding how much our work matters.

As one of the first educators in a child's life, we have a rare opportunity of making a big difference. Along with our solid, unwavering support and guidance, we can leave a lasting, positive impression in a young child's mind. Helping them to foster and develop a love for learning will set them up for future academic success.

你快樂，所以我快樂！很感恩，能與你們這些可愛的寶貝們一起學習，一起成長。
